

FRIDAY • Feb 18, 2022 • 12PM EST • VIRTUALLY ON TEAMS

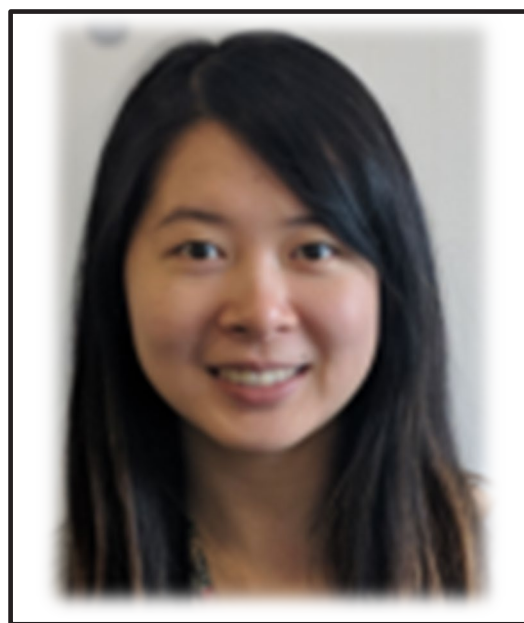

“Theme Host” PI
Genome Structure and Integrity

Christopher Pearson, PhD

Senior Scientist

Genetics & Genome Biology Program

SickKids Research Institute

**Investigating brain development using
pluripotent stem cell-derived neural
cultures and comparative genomics**

Wendy Choi

Graduate Student – PhD Candidate

(Wilson Lab)

**Changes in protein associations caused
by de novo H3.3 mutations**

Shahir Morcos

Graduate Student – PhD Candidate

(Campos Lab)
