Lunenfeld-Tanenbaum Research Institute Seminar Series
Presents:

Albert Cardona, PhD

Janelia Group Leader
Developmental Biology, Neuroscience
Janelia Research Campus, Howard Hughes Medical Institute (HHMI)

Title:

‘Novel neural wiring diagrams for olfaction and learning in *Drosophila*’

Abstract: Dr. Cardona will present and discuss the complete neural circuits of a glomerularly organized olfactory system (the antennal lobe) and a parallel-fiber system for learning and memory (the mushroom bodies) as reconstructed from serial section electron microscopy in the larval *Drosophila*.

Wednesday January 27, 2016 at 12:00 p.m.

Location:

**Mount Sinai Hospital
60 Murray St. Level 3 Conference Rooms
L3-201-202-203***

Host: Dr. Mei Zhen

*located on the 3rd floor of 60 Murray St. just before the double doors leading into the Cooper Center

** LTRI is a University of Toronto affiliated Research Institute.
