Dr. Anja Zeigerer

European Center for Angioscience,
Medical Faculty Mannheim
University of Heidelberg

***ENDOCYTOSIS IN
SYSTEMIC ENERGY
METABOLISM AND
DIABETES***

FRIDAY

NOVEMBER 1, 2024

1:30 - 2:30 PM

**PGCRL
Event room 1**

Anja Zeigerer is a Professor of Basic Principles of Metabolic Diseases. Her research focuses on the newly discovered link between endosomal membrane traffic and metabolic homeostasis and how components of the endo-lysosomal system influence glucose and lipid metabolism in the liver in health and disease.
