

# CELL BIOLOGY SEMINAR SERIES

Barth Grant, PhD

Department of Molecular Biology and Biochemistry  
Rutgers University

“C. elegans models of membrane traffic: phagocytic interactions important for neuronal extracellular vesicle release, and tubular endosomal network regulation via RHO-1 and non-muscle myosin II”

Friday, January 26, 2024

1:30 – 2:30 pm

PGCRL, Event Rm. 1 (02.9320) 2<sup>nd</sup> Floor

Hosted by: Julie Brill
