

Molecular Genetics
UNIVERSITY OF TORONTO

Ph.D. SEMINAR

**Characterizing the nuclear
function of the cell adhesion
molecule Fat and chromatin
regulation by the inner nuclear
membrane protein Speg**

Chikin Kuok

PhD Candidate,
Department of Molecular Genetics

Supervisor:

Dr. Helen McNeill

Date: Thursday November 30th, 2017
Time: 9:00 AM
Place: Room 4279, Medical Sciences Building,
1 King's College Circle

****All faculty and students are encouraged to attend****
