

5th Joint Symposium

University of Toronto

&

Shanghai Institute of Biochemistry and Cell Biology

November 11 - 12, 2014 | Peter Gilgan Centre for Research & Learning | SickKids

Ben Blencowe
RNA splicing in stem cells

Jinsong Li
Genome editing in mouse embryos

Julie Claycomb
Small RNA pathways

Laurence Pelletier
Centrosome biology

Anne-Claude Gingras
Interaction proteomics

Peter Roy
Chemical biology

Jack Greenblatt
Protein networks in transcriptional regulation

Gang Wang
Mediators in development & disease

Sevan Hopyan
Cell behaviour in development

Yi Zeng
Mammary stem cells

Ping Hu
Muscle stem cells

Zhaolei Zhang
Evolutionary genomics

Naihe Jing
Embryonic stem cells

Jian Zhao
Generation of neural progenitors

Monica Justice
Epigenetics

Yun Zhao
Hedgehog pathway

Tae-Hee Kim
Gut stem cells

Weiguo Zou
Skeletal development

Program Committee

C.C. Hui | Howard Lipshitz | Brenda Andrews | Janet Rossant

Donnelly Centre
for Cellular + Biomolecular Research
