

The background image shows the classical facade of the Princess Margaret Hospital. It features a prominent pediment with a central crest and two large columns on either side. The text 'ERECTED' is visible on the left column base, 'A.D. 1915' on the right, and 'PRINCESS MARGARET HOSPITAL/HÔPITAL' is inscribed on the central base.

Princess Margaret Special Seminar

*“Breath biomarkers - Profiling volatile organic
compounds in human exhaled air”*

Anne-Christin Hauschild
PhD Student
Computational Biology Group
University of Southern Denmark

MaRS Centre, TMDT 4-204
Thursday, January 8, 2015
2:30 – 3:30 p.m.

Host: Igor Jurisica, PhD
