

The background image shows the classical facade of the Princess Margaret Hospital. It features a large pediment with a central crest, flanked by columns. Below the pediment, there is a stone inscription that reads "PRINCESS MARGARET HOSPITAL/HÔPITAL". To the left of the main entrance, a smaller inscription says "ERECTED" and to the right, it says "A.D. 1915".

Princess Margaret Special Seminar

Radiomics for Immunotherapy and radio-immunotherapy combinations: towards ultraprecision medicine?
