

A black and white photograph of the Princess Margaret Hospital/Hôpital facade. The building features a classical pediment with a central crest and two side crests. Below the pediment, the text "ERECTED" is on the left, "PRINCESS MARGARET HOSPITAL/HÔPITAL" is in the center, and "A.D. 1915" is on the right.

Princess Margaret Special Seminar

*Structural studies of ryanodine receptor gating by
cryoelectron microscopy*
