

# Developmental & Stem Cell Biology

## Special Seminar

**Dr. Yang Xiang**

Assistant Professor  
Department of Neurobiology  
University of Massachusetts Medical School - Amherst

**Isoform-selective expression and nociceptive  
functions of *Drosophila* TrpA1 ion channels  
revealed by genome editing**

Thursday | July 12 | 2018 | 3:00 pm

**PGCRL Auditorium  
686 Bay Street  
(Second floor)**

Host: Dr. Xi Huang
